

Premium Seed for Progressive Dealers

*Rooted in Expertise
Driven by Innovation*

What is American Acres?

- Premium forage brand backed by 100+ years of combined expertise
- Regionally adapted, field-validated varieties
- Proven genetics with nationwide reach
- Comprehensive dealer support beyond seed

Because Every Acre Counts

Core Product Values

- Durability-focused genetics bred for tough Midwest conditions
- High forage yields delivering dependable feed quality
- Enterprise-level consistency across large acreage operations
- Premium-grade genetics priced for everyday accessibility

Our Core Product Lineup

- **Alfalfa**

High-yielding, nutrient-rich genetics with long stand persistence.

- **Premium Forages**

Palatable, flexible-use blends backed by proven field performance.

- **Grain Sorghum**

Drought-tolerant, high-tonnage options ideal for challenging conditions.

What This Means for Our Dealer Partners:

- A wider selection of premium genetics to fit every acre
- Streamlined fulfillment through shared cleaning and processing capacity
- A dealer-exclusive brand that gives you a distinct edge in competitive markets
- Regional performance backed by trial data, product training, and field support, and marketing

Let's Grow Together

We are committed to building strong partnerships with dealers.

Together, we will deliver better seed, better support, and better results, one acre at a time.
